Thanks

I'll send a note out.

Several people said they could move things around to make the 13th a possibility, others said they could not make it at all. So, it looks like it will be the 14th or we'll look at the weeks of Jan 9 and 16.

Doug 12/13 or 12/14 work for DEC and DOH

Yes I believe it includes all who attend our meetings. Dates looking at are first week December

Bob

I was going to send you a follow up note indicating that Stan could not make the 20th either.

I noticed that I had two unfinished lines at the end of my last email that I intended to delete before sending, but they were below the visible portion of my screen. Sorry about that and I hope it doesn't cause any confusion.

If we are going to postpone the meeting it would be good to have some additional dates. Seems like the best way to do this is to have the three admin assistants talk or possibly have the entire group on a call on the 15th to open calendars and set up another date.

You indicated that the water districts were going to be meeting with the Commissioner in early December. Would that be with all the districts that attend our coordination meeting or just MWD and BWD?

Doug

Subject: Re: Grumman-any word from DOH on meeting dates?

Catherine's admin assistant was out for two weeks and back in the office yesterday.

My understanding was that DOH was going to get back to you guys by yesterday as to whether any of the four proposed dates in December would work as well as with additional possible dates in December. I was then going to work with Catherine's admin assistant to see if we could move some of her meetings to accommodate dates that may be possible for DEC and DOH.

Should we have the admin assistants for Martin, Catherine and Nathan coordinate calendars? If you get me a number I can have Catherine's admin (Maureen Hickey) make the first call.

The larger group was expecting to hear back from you guys on potential dates

DOH seems to be the limiting factor

Do you have any dates? As we discussed we prefer to push it out since won't have answers on many important issues

Lora fly has already responded that she can't make the 20th and Mach says her attendance is more important than his.

Did they come up with any other dates for December?

Catherine had indicated a preference for sticking with a meeting next week (15th) if we can't get another date in December.

DOH can make 12/20 so can Martin, see if others can try to conform their schedules
